

INT. CAR - DAY

Two KIDS are sitting in a car looking just as bored as their PARENTS in the front.

DAUGHTER

I'm bored!

FATHER

Hi Bored, I'm Mark, your father.

DAUGHTER

Dad!

The father and mother laugh to themselves.

DAUGHTER

(annoyed)

No, dad! I mean I'm *bored*!

SON

I wanna play a game.

Short silence as the kids look around the car.

DAUGHTER

Oh! Oh! I spy with my little eye...

The father whips his head around to look into the back seat.

FATHER

You're a SPY?!

Father slams on the breaks as the mother frantically searches through the glovebox. The children are in total shock.

MOTHER

Fuck! ...FUCK! I knew it! I fucking
KNEW IT!

FATHER

CALM DOWN HELEN. FUCKING CALM DOWN. We
have this under control. We have this—

DAUGHTER

Daddy?!

FATHER

Shut your commie mouth you bitch!

The children are crying as the mother brings a 9mm out of the glovebox. The parents exit the car. The camera freezes.

NARRATOR

Yep. The cold war sure was a crazy
time for a teenager to grow up.

FADE OUT.
